

The ideal solution for multiple users with non-cloneable codes

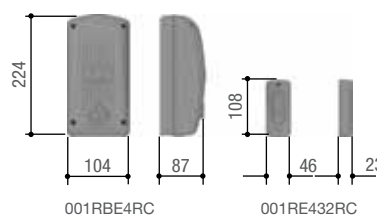

- Rolling code: the dynamic code technology ensures signal security and secrecy.
- Available in the two and four channel versions.
- 4,294,967,896 possible combinations.
- New design.

Transmitter dimensions (mm)

Receiver dimensions (mm)

Dimensions table (mm)

MODELS	B (mm)	H (mm)	P (mm)
AT02EV	32	68.5	11
AT04EV	32	68.5	11

Limits to use

MODELS	RANGE (m)
AT02EV	50 ÷ 150
AT04EV	50 ÷ 150

Technical features

MODELS	AT02EV • AT04EV
Batteries	2 x CR2016 LITHIUM
Combinations	4,294,967,896
Operating temperature (°C)	-20 ÷ +55
Material	ABS

THE COMPLETE RANGE

Code	Description	Price £ (Excl. VAT)
433.92 MHz rolling code transmitters		
001 AT02EV 	Bi-channel rolling code transmitter. 4,294,967,896 combinations.	£47.00
001 AT04EV 	Four-channel rolling code transmitter. 294,967,896 combinations.	£51.00
Plug-in 433.92 MHz rolling code receiver		
001 AF43SR	Plug-in radio frequency card for max 25 transmitters.	£102.00
Surface mounting 433.92 MHz rolling code receivers		
001 RE432RC 	Surface mounting IP54, 12 - 24 V AC - DC bi-channel receiver for max. 25 transmitters.	£118.00
001 RBE4RC 	Surface mounting IP54, 12 - 24 V AC - DC four-channel receiver for max.500 transmitters, with 1 AT04 transmitter (master).	£249.00
Accessories for: 001AT02EV - 001AT04EV		
001 P3V	Pack of two 3V DC type CR2016 lithium batteries.	£4.00
433.92 MHz antenna for: 001DD-1KA - 001DD-1KB		
001 DD-1TA433	Antenna.	£37.00
433.92 MHz antenna for: 001KLED - 001KLED24		
001 TOP-A433N	Antenna.	£21.00
Accessories for antennas		
001 TOP-RG58	Antenna cable.	per m £2.00
