

# SDIEXRPT

## EX-SDI Repeater

The SDIEXRPT is designed to extend your HD-SDI transmitter up to 300m.

SDIEXRPT

### Key Features

- Auto Detection HD-SDI or EX-SDI (SMPTE 292M & 424M)
- Over 300m HD-SDI Transmission Distance
- DC 12V
- 100mA

### Technical Specification

Model Number	SDIEXRPT
SDI Standards	HD-SDI & EX-SDI
Auto HD/EX-SDI Detection	YES
Support Protocol	SMPTE 292M (1.485Gb/s) SMPTE 424M (2.970Gb/s)
Video Support	720p @25/30 FPS, 1080P @25/30 FPS and 1080i @50/60FPS
SDI Signal Type	SMPTE 292M SMPTE 424M
Output Impedance	75 Ω
Cable Transmission	HD-SDI up to 300m
Input	x1 BNC
Output	x1 BNC
Housing	Metal Enclosure
Dimensions (mm)	65 x 35 x 25
Power Consumption	12V DC 100mA (1.2 Watt)
Operating Temperature	0°C to 40°C
Storage Temperature	-20°C to 60°C

Genie CCTV reserves the right to change specifications without notice. Please contact your representative to confirm current specifications.
