

# i-on50EXD Expandable 50 zone control panel

PD6662:2010 and BS8243:2010  
compliant Independently approved to  
EN standards EN50131-3:2009

*Feature-packed to deliver you real benefits*

**Performance bus** - fit up to 20 bus devices: expanders, keypads or power supplies.

**Semi-auto addressing** - prevents address duplication for bus mounted devices, saving hours of installation diagnostic time.

**Decimal Expansion** - expanders have 10 zones in addition to the 10 zones on the end station. Zone identification on expanders is now considerably easier.

*Simple to service*

**Audible bus device tracing** - locate any bus device quickly and easily. Reduce the time taken to complete maintenance and service calls.

*Reliable and easy to use*

Built on the i-on platform with thousands of panels installed.
