

SYSTEM TYPE

DDA panels are also available for System 200

The X1 DDA Panel range is designed in accordance with:
 The Disability Discrimination Act 2005
 The Disability and Equality Act 2010
 RIBA 'A Guide for Assisted Living'
 BS 8300:2009 (Section 6.6)

Manufactured in the UK to the highest standards after extensive research into relevant legislation, the panel designs are aimed at providing improved access solutions in line with the current Disability Discrimination Act and Disability and Equality Act (2010). The innovative stretched panel and wide angled camera design, means a single entry panel can be used for both standing and wheelchair height users. Features: Tactile push button, Indicator LED's, optional high contrast signage and optional induction loop.
